Electronic Fingerprinting Process For Appointment of Guardian Professional and Nonprofessional Guardian

General Process

According to Chapter 744.3135 of the Florida Statutes, a guardian must have fingerprints taken electronically by an authorized agency, such as the Pasco County Tax Collector, or an approved private agency/provider prior to appointment as a guardian. The fingerprints are submitted to the Florida Department of Law Enforcement (FDLE) for a state criminal history records check and the Federal Bureau of Investigation (FBI) for a national criminal history records check. The results are submitted by the FDLE to the Clerk & Comptroller's Office. The court uses the results to review the information filed by the proposed guardian to evaluate whether to appoint the petitioner as a guardian.

Please note: The Court requires "all" guardians to undergo a criminal background check including the non-professional guardians.
